AMENDMENT OF CLAIMS UPON ENTERING
U.S. NATIONAL PHASE UNDER
PCT ARTICLE 41

The Honorable Commissioner
of Patents and Trademarks
Box PCT
Washington, D.C. 20231

Dear Sir:

Under the provision of PCT Article 41, Applicants request amendment of this application to reduce the total number of claims prior to the calculation of the filing fee and to rewrite the claims to more clearly point out and distinctly claim the subject matter which applicants regard as the invention.

To effect this amendment, please substitute the enclosed Claims 1-20 for Claims 1-52 originally filed. For this purpose, we provide herewith replacement pages 33-37. Because the total number of pages is reduced, a replacement page 38 also is provided to accommodate the new page number for the Abstract, which otherwise remains unchanged.

Applicants respectfully submit that none of these rewritten Claims constitutes new matter.

It is respectfully requested that the Claims fee be computed on the basis of the replacement Claims 1-20 submitted herewith under PCT Article 41 upon entry of this application into the U.S. National phase.

Respectfully submitted,

FITCH, EVEN, TABIN & FLANNERY
